About Sensi Seeds' Sponsorships

Sponsorship is an important part of Sensi Seeds' strategy. In assessing sponsorships, we evaluate the overall opportunity including the event's reach, engagement, partnership opportunities and the impact on the communities in which we serve.

Limitations

As you can imagine, Sensi Seeds receives a large number of sponsorship requests. We regret that we are unable to fulfil or respond to every request, however, please describe your request below and we will contact you if more information is needed. Sensi Seeds does not directly sponsor individuals.

Submitting a Request for Sponsorship

To properly evaluate and process your proposal, your request for sponsorship must be submitted online at least six months prior to the start of the activities related to your event. We cannot consider proposals submitted outside of this timeframe.

We no longer accept sponsorship proposals by postal mail, telephone, or fax. Please submit your proposal by email to pr@sensiseeds.com.

You must be 18 years or older to submit a request for sponsorship.

Please allow up to twelve (12) weeks for us to properly assess your proposal.

Again, you must submit your request at least six (6) months prior to the start of your event.
